2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

STUDENTS LEARN HERE!

At Woodbridge Elementary, we create a safe and encouraging environment with the purpose of inspiring lifelong learners. We believe all students can will learn and succeed here.

As a neighborhood school, we put children first! We are focused on the academic, social, and emotional needs of each student. Woodbridge Elementary is currently the oldest school (founded in 1935) in the Roseville School District and is deeply rooted with strong traditions. Woodbridge's staff combines these traditions and embraces effective research based learning strategies to help our students reach their personal best every day.

WOODBIDGE, A TK-5 ELEMENTARY SCHOOL

At Woodbridge, we teach TK through 5th grade. During these past school years, Woodbridge smoothly transitioned from a K-3 environment, adding fourth grade, fifth grade and Transitional Kindergarten. By 2015-16, Woodbridge was a complete elementary school, serving TK-5 students. This transition has allowed students to remain at their neighborhood school and keep families together at one site, rather than send students to another site for fourth and/or fifth grade. The additional resource of TK helps provide a stronger foundation in students' developmental years and prepares students for academic success.

A POSITIVE SCHOOL ATMOSPHERE

Woodbridge received a grant for the 2014-2015 school year to implement PBIS--Positive Behavior intervention System. We believe that positive student behavior and strong student engagement creates lifelong learners. PBIS is a three-year implementation plan that includes staff and parents. The first three years, for the most part, was implementation, and during the fourth year, we strengthened Tiers 1 & 2, and made progress in Tier 3 strategies. Woodbridge has spent time strengthening Tier 2 strategies, and in 2019-20 will enter Tier 3 training and will bridge with our District-wide MTSS program. During the Spring 2019, Woodbridge was recognized for earning a PBIS silver medal status for achieving at least 70% on one or more Tiers with an external coach of the TFI. The three school goals our students and families follow with PBIS implementation are: 1) Be safe. 2) Be respectful. 3) Be responsible. We have gradually added 4) Be proud. Positive reinforcement aligns with these goals.

2021-22 School Overview

COMMUNITY PARTNERS

Woodbridge continues to be successful in cultivating strong partnerships with community members. We work closely with Woodcreek High School National Honors Society and Students Teaching Students programs, City of Roseville, Invest Health Roseville, our Roseville business community, West Park Club and our local churches. These extra community volunteers provide much needed additional support to our students.

We welcome parent, grandparent, and guardian involvement at our school, and encourage you to become a part of our Parent Teacher Club (PTC) and our Bilingual Advisory Committee (BAC)! PTC and BAC both play important roles in reaching and engaging our families in their child's education. We also have a strong School Site Council and Bilingual Advisory Committee. Parents may participate in our District's Love and Logic workshops, where they learn effective parenting strategies for disciplining their children and becoming a partner in their child's education. Parents are recommended to encourage and support their children with independent reading at home. Our "Lending Library" provides independent reading opportunities at home, where students take books home for a few days.

TECHNOLOGY, AND SCHOOL SPIRIT

Students engage with technology- learning different software programs, word processing and researching subjects. Every Friday is Spirit Day when students wear blue to show their school pride. Two years ago, Woodbridge reached a "certified AVID" level school-wide. Every teacher is committed to using AVID learning strategies in classrooms.

BEFORE AND AFTER SCHOOL PROGRAMS

Woodbridge offers several opportunities to extend student learning. We began a homework club for our 5th graders last year, and this year 3rd grade teachers are holding review workshops in Math and ELA to help students prepare for the CAASPP. Woodbridge is also fortunate to be a recipient for the After School Safety and Education (ASES) and Adventure Club grant. This program operates each day that school is in session from 6:30 am until the close of school, 6:15 PM. A memorandum of understanding was established with the City of Roseville Parks and Recreation department to staff and administer this program.

Woodbridge staff meets student needs at all levels. Through our partnerships, our technology program. PBIS, AVID, and school spirit activities, we motivate one another to learn, work and celebrate success!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roseville City Elementary held a public hearing on September 9, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Office.

Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District annually inspects wheelchair lifts, tests fire extinguishers, inspects and services all playground backboards, replaces bark on playgrounds and landscaping, and services HVAC units.

School Facility Repair Status:

Overall Summary of School Facilities Repair Status – Exemplary

The inspection included a check of possible gas leaks, mechanical systems, interior and exterior doors and windows, interior surface areas, structural damage, electrical, playground equipment, and hazardous materials. In all areas this school passed inspection.

Cleaning Process and Schedule:

The District has adopted cleaning standards for all schools in the District. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget:

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Since 2008- 2009 the State has suspended the program due to State Budget Reductions. The District still maintains its own program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Woodbridge appreciates the parents who volunteer and lead events for our students. Our parents are active in all areas of volunteer service. Our PTC, Bilingual Advisory Committee (BAC), and School Site Council (SSC) provide leadership in maintaining an effective school program. The Woodbridge School PTC and our librarian coordinate their efforts toward our Fall/Spring Book Faire. PTC also organizes our movie nights, skate nights, and our Harvest Festival throughout the school year. Parents also volunteer our Dr. Seuss read-a-thon each year, and help promote our annual Run4Roseville and Jog-a-thon. Currently, Woodbridge hosts the Roseville Joint High School Adult ELD class, where parents are granted an opportunity to learn to speak, read and write English. Our PTC funds many projects to help supplement the academic achievement and provides for enrichment learning activities for our students. PTC meetings are the first Thursday of every month. All parents are welcome.

Our Bilingual Advisory Committee (BAC) meets at least 3 times throughout the school year to become better informed about our educational program and services. BAC plans and coordinates events for the school, and makes recommendations for site plan purposes to School Site Council.

We are always looking for parent volunteers. To help in the classroom or to ask questions, please contact us via Facebook at RCSD Woodbridge or via email. Our office is open to your ideas.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	2.14	0.56	2.44	0.50	3.47	0.20
Expulsions	0.00	0.00	0.03	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Evacuation, lockdown and fire drills are practiced on a regular basis at Woodbridge. Staff is kept up-to-date on safety practices, and the plan is reviewed each year by SSC (School Site Council) and BAC (Bilingual Advisory Committee, aka English Language Advisory Committee). The Roseville City School District has developed a Crisis Response Plan that outlines the procedures to be followed in the event of an emergency affecting a school site. The plan includes procedures for coordinating resources to respond to any emergency including natural disasters, environmental health issues, accidents, or intruders. The Woodbridge Safety Plan has been developed with staff and parent input. The plan is reviewed with staff and approved by the school site council yearly. Safety Committee meets annually in the Fall to review our safety practices/protocols and in January to approve our Safety Plan. Also, at the end of the year, we share a survey with our parents for further input and improvement.

Woodbridge works with its community partners on campus to inform them of lockdown and emergency procedures to keep communication open and ensure students are safe at all times and at all locations. Currently, Woodbridge has a cohesive partnership with Placer Fairgrounds to ensure that our evacuation procedures work fluidly, as necessary.

2020-21 Types of Services Funded

Woodbridge's budget reflects the needs of its students. Through community involvement with stakeholders, a Site Plan is implemented. Staff, BAC committee members, School Site Council members, and the PTC were included in drafting the School Site Plan. Collectively, funding is spent on: after school academic support programs, additional behavior support staff, technology, and professional development.

The district funds a School Counselor and an Intervention Teacher at Woodbridge Elementary School. These extra positions allow the availability for additional services, which help promote the social, academic and emotional learning and safety for all Woodbridge students. The District also supports reduced class size in TK, 4th grade and 5th grade at Woodbridge School. In addition, the district funds a parent liaison that works closely with staff, students and parents to help ensure productive engagement of families and success of students at Woodbridge School.

Professional Development

In alignment with the Roseville City School District board goals, the Professional Development Advisory Committee (PDAC) plan was developed to create a comprehensive three-year professional development plan for the District. District organized training is provided to administrators and staff that align with this plan during the four professional development days. In addition, the school sites are provided three additional professional development days throughout the school to focus on school site goals.

Other areas of professional development at Woodbridge include: Response to Intervention (RTI), Advancement Via Individual Determination (AVID), Project Guided Language Acquisition Design (GLAD), English Language Development (ELD) strategies, and Positive Behavioral Intervention and Support (PBIS) strategies throughout the school year. In May 2018, a teacher survey determined that ELD, RTI and AVID continue to be our site's prioritized professional development needs. These professional learning activities are planned and delivered by site lead teachers and/or district leaders or off site workshops via Placer County Office of Education (PCOE). Teachers at Woodbridge continue to ensure that prevention and intervention strategies are provided in a timely manner and to students who need them, and have created a clear process for a) determining which students are experiencing difficulties, b) selecting intervention strategies or supports and matching these supports to students, and c) evaluating whether the intervention strategies are helpful to students. This process is continuously being evaluated and modified via site teacher leaders.

Woodbridge makes the most use of training time during staff meetings in the morning, which are held twice a month. PLC time is used to analyze data, review RTI and student assessment, and discuss curriculum strategies. Teachers are supported in implementation with follow up and mentoring from on site lead teachers. An intervention teacher, together with the Principal hold collaborative conferences 4 times a year to discuss and support needs for Tier 3 students who qualify for intensive support in their learning.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
