

Hello Woodbridge Families:

We are excited to welcome our students back to campus on November 4th.

If you checked out a Chromebook since the Spring, and your student is NOT enrolled in Champions Academy, we will be asking them to return the device to their classroom on the first day back to in person learning, Wednesday, November 4th. Please place the chromebook along with the cord in your child's backpack. Our staff will collect during the morning.

- If you purchased insurance from School Device Coverage (SDC) for the device issued to your student, you still have access to utilize that service if your student accidentally damages a device assigned to them while on campus, or if your student's cohort or school is placed back on quarantine.
- If you did not purchase insurance for the device assigned to your student, and your student damages a device assigned to them while on campus, you may be charged for the damage.

[Here](#) is the cost for repairs and replacement of the Chromebook, also for reference.

A reminder all families can purchase insurance through December 4th for just \$24. For reference, a broken screen is \$99 to repair. To purchase insurance, follow the instructions on [this page](#) of the district website.

If you checked out a device, and your student is not utilizing it to support Distance Learning (i.e. Hotspot or Chromebook), please feel free to return it by November 4th as well.

If you have any questions please let me know.

Thank you,

Martha Paso
